Belleville,

PERFORMANCE AND VALUE

Belleville,

Belleville,

HD Steel

the most architecturally authentic doors

Exacting proportions, architectural details and engineering for the ultimate in aesthetics and performance.

WOOD

Torrefied

Torrefaction brings unparalleled durability to wood doors. It also makes wood far more structurally stable and highly resistant to heat, cold and moisture

WOOD

Authentically crafted designs made with the unmistakable warmth and character of real wood

FIBERGLASS

AvantGuard®

Incredible design flexibility and authenticity—virtually indistinguishable from the look and feel of wood, with the superior performance of fiberglass

attractive durability

Choices that provide incredible value, performance and great long-lasting looks.

FIBERGLASS

Belleville, Oak

Adds richness and significance to an entryway with deep wood-grain texture. Paintable or stainable, these doors provide years of low maintenance satisfaction

FIBERGLASS

Belleville, Textured

Traditional oak, fir and ribbon-stripped mahogany with multi-depth ticking that reproduces deep wood grains

STEEL

HD Steel

Features the strength of steel with classic door configurations, available in a smooth, primed finish

Louvered Doors

Le Chateau Wood with Pear glass

wood & mdf doors

Whether the warmth of natural wood grain, or clean appearance of MDF (Medium Density Fiber Board), these interior doors suit the most refined tastes to achieve the ultimate high-end ambiance and architectural detail.

WOOD

Le Chateau

Stunning collection of paneled doors available in an almost endless range of design combinations, constructed from MDF paneling for increased strength and stability

WOOD

French Doors

Accentuates any room with natural, beautiful wood construction or MDF and increases the brightness and functionality of any home. Available in a variety of panel, glass designs and wood species options

MDF

MDF

The best of authentic stile and rail craftsmanship with all the advantages of MDF material technology

molded doors

The industry benchmark for all composite wood doors, utilizing a composite wood construction that results in a more durable door, resisting warping, shrinking and cracking.

MOLDED STANDARD

Masonite Select™

Distinguish by the architectural correctness of authentic stile and rail wood doors

MOLDED CONTEMPORARY

Heritage® Series

Combines the classic lines of a wood door with the durability of molded panel engineering

MOLDED STANDARD

Masonite Classic™

The originals, these doors complement any décor with their simple, pleasing lines and familiar designs

flush design doors

A clean and simple flush design provides a simple, contemporary look. Choose from the visual beauty of natural wood veneers or a versatile, paintable hardboard surface.

FLUSH VENEER

Both paintable or stainable, allowing for the natural warmth of wood grain

FLUSH HARDBOARD

Available primed or unprimed smooth for a pure, contemporary look

specialty doors & hardware

Heritage Series

Louvered Doors

Ventilates closets and enhances fresh air flow between rooms. The full or half-louver door beautifies any room where air circulation is a concern. (Available in primed or stain-grade versions)

BARN DOOR HARDWARE

A traditional interior opening can be redefined with our high-quality, fashionable barn door hardware kits. They bring contemporary style and finishes to complement a home, office or any opening.
